# BRIGHTON COCKTAIL WEEK

1 - 9 JUNE 2019

[www.brightoncocktailweek.com](http://www.brightoncocktailweek.com)  [BriCocktailWeek](#)  [Brighton Cocktail Week](#)  [BrightonCocktailWeek](#)

Strictly over 18s only. Please drink responsibly.

Brighton & Hove is one of the UK's most dynamic food and drink destinations and our cocktail scene punches well above its weight with renowned venues and talented, passionate mixologists. We can't wait for the show to go on as we welcome aboard new venues and events, which showcases just how vibrant our city is.

This year Fentimans have teamed up with Sussex-based Blackdown Artisan Distillery and are offering special botanical garden serves at the Flourpot on Brighton's seafront.

We will be celebrating 100 years of Negroni with Campari by dipping into a Negroni Trail, we'll also be getting our tiki style on at The Plotting Parlour, where Cargo Cult Rum are taking over and creating a 1940s-style South Pacific bar.

If you fancy turning up the heat then head over to Gungho! where the theme is a Finnish sauna, courtesy of Koskenkorva vodka. The team promise to cool you down with carefully crafted cocktails.

Throughout the week Amathus Drinks will be showcasing a variety of premium liquors and spirits in their recently opened store in the heart of Brighton. Pop in and try exciting new products from across the world, with discounts on purchases for wristband holders.

Brighton is renowned for being forward thinking when it comes to sustainability and Havana Club will be fully embracing this throughout the week by creating menus on recycled paper, use local ingredients for their cocktails and host the closing party at Merkaba, where local artists will upcycle items that are no longer used and repurpose them with a new lease of life.

Masterclasses include a cheese and charcuterie pairing with Whitley Neill gins at the boutique hotel Una Bar, and a 'Introduction to Cocktails and Mixology Course' at the Mixology Group school.

To get the best from Brighton Cocktail Week, consumers can buy a £10 wristband in advance from Amathus, The Daddy Longlegs, The Flour Pot Kitchen and Medusa Bar, or the festival website which entitles them to buy cocktails at £5 each, plus significant discounts on tickets for events and masterclasses.

Enjoy the best of the city's cocktail scene with us this June!

## No and low alcohol

#BCW19 celebrates the emergence of lower ABV spirits and no alcohol drinks offerings. This is a trend that looks set to grow, with cocktail lovers sipping non alcoholic cocktails alongside old favourites.

Vermouth is a growing trend that looks set to stay – Discarded have released their Discarded Sweet Cascara Vermouth, which is deep, rich and aromatic with an easy natural warmth and has an ABV of 21%.

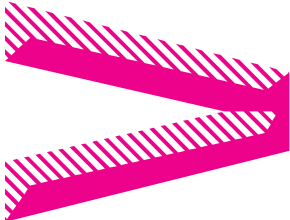

Pedrimo offers the perfect all natural spritz, inspired by the Mediterranean their trio of refreshingly original, terrace-ready spritzers have a low ABV of 5.5%. Choose from Vermouth & Tonic, Sherry & Tonic or Ruby & Tonic.

We even have England's first white Vermouth crafted here in Sussex by Blackdown Artisan Distillery, a Silver Birch Wine made from the sap of the trees surrounding the distillery, full of flavour, smooth and refined.

For a no alcohol option, Fentimans portfolio of soft drinks ranges from traditional Ginger Beer to a Rose Lemonade with a host of flavours in between, including Sparkling Line & Jasmine.

We say cheers!
